

The swipe protocol for UCI is included. Please note:

- You will be mailing the swipes back to Paula Zermeno
- I have already pre-baked the filters for you
- I have included pre-bakes scint vials
- I have included approx. 10-12 gloves for your 8-10 swipes (I only glove the hand that will be doing the actual swiping but avoid touching the equipment with an ungloved hand to avoid cross contaminating swipes)
- I will send you an electronic version of the swipe submission sheet. Please email back to me (pzermeno@mtu.edu)
- Please include a hard copy of the swipe submission sheet in the package when mailing.
